C. Citizen Review

The City of Atlanta uses a "Neighborhood Planning Unit" or NPU structure for all of its citizen-participation processes including the Consolidated Plan programs. A description of the City's CDBG-R process was provided to all 26 NPUs by email on May 26, 2009. The NPU notice included allocation, HUD requirements and priorities, timeline, City parameters for project selection, and descriptions of the proposed projects with funding amounts and explanation of why project was selected for CDBG-R. NPU comments were requested; none were received by the June 5 submission date.

The Grants Management unit uses the Website of the Tri-Jurisdictional Collaborative on Homelessness to post grant notices and funding opportunities, since a broad array of non-profit service providers and concerned community groups regularly access this site. The CDBG-R public information notice was also posted at www.tri-j.net to ensure that these groups were informed as well.

Compliance with 120-day Contracting Requirement

The Mayor's Stimulus Task Force, meeting weekly and headed by a senior policy advisor, manages all Stimulus-related activities and assures that critical actions occur in a timely manner. Any problems encountered in contract execution will be reported to the Task Force for immediate intervention.

To expedite contracting: 1) processing of legislation began prior to the Grant Agreement, saving a month or more in the legislative process; 2) projects have been set up in the accounting system, with funds to be added after Grant Agreement is executed; and 3) contracts will be developed and all phases of the signature process completed as rapidly as possible, so that execution can complete in the 120 day period.

(5) **Authority of Jurisdiction.** The jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations and other program requirements.

(8) **Community development plan.** The jurisdiction certifies that the consolidated housing and community development plan identifies housing and community development needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the statute authorizing the CDBG program.

(9) **Following a plan.** The jurisdiction is following a current consolidated plan that has been approved by HUD.

(10) **Use of funds.** The jurisdiction has developed activities so as to give the maximum feasible priority to activities that will benefit low- and moderate-income families or aid in the prevention of slums or blight. Additional activities may be included that are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community where other financial resources are not available to meet such needs. It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG-R funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);

2. Special Assessments. The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG-R funds by assessing any amount against properties owned and occupied by persons of low- and moderate-income, including any fee charged or assessment made as a condition of obtaining access to such public improvements. However, if CDBG-R funds are used to pay the proportion of a fee or assessment attributable to the capital costs of public improvements (assisted in part with CDBG-R funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG-R funds. The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG-R funds, unless CDBG-R funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG-R funds. In addition, with respect to properties owned and occupied by moderate-income (but not low-income) families, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG-R funds if the jurisdiction certifies that it lacks CDBG-R or CDBG funds to cover the assessment.

(11) Excessive Force. The jurisdiction certifies that it has adopted and is enforcing: (1) a policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and (2) a policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location that is the subject of such non-violent civil rights demonstrations within its jurisdiction.

(12) Compliance with anti-discrimination laws. The CDBG-R grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d), the Fair Housing Act (42 U.S.C. 3601-3619), and implementing regulations.

(13) Compliance with lead-based paint procedures. The activities concerning lead-based paint will comply with the requirements of part 35, subparts A, B, J, K, and R of this title.

(14) Compliance with laws. The jurisdiction will comply with applicable laws.

(15) Compliance with ARRA. The jurisdiction will comply with Title XII of Division A of the American Recovery and Reinvestment Act of 2009.

(16) Project selection. The jurisdiction will select projects to be funded, by giving priority to projects that can award contracts based on bids within 120 days from the date the funds are made available to the recipient, and that will ensure maximum job creation and economic benefit.

(17) Timeliness of infrastructure investments. When the jurisdiction uses CDBG-R funds for infrastructure investments, the grantee will give preference to quick-start and finish activities, including a goal to use at least 50 percent of the funds for activities within 120 days of enactment of the Recovery Act.

(18) Buy American provision. The jurisdiction will ensure that all iron, steel and manufactured goods used in construction, alteration, repair, or maintenance of a public building or public work project assisted with CDBG-R funds under the Recovery Act must be produced in the United States unless the Secretary finds that: (1) the requirement is inconsistent with public interest; (2) those goods are not reasonably available or produced in sufficient quantity in the U.S.; (3) or the use of the goods will increase the project cost by more than 25 percent.

(19) Appropriate use of funds for infrastructure investments. The Governor, mayor, or other chief executive, as appropriate certifies, that any infrastructure investments have received the full review and vetting required by law and that the chief executive accepts responsibility that the infrastructure investment is an appropriate use of taxpayer dollars. Alternatively, a grantee's chief elected official certifies that infrastructure investments will receive the full review and vetting required by law and that the chief executive accepts responsibility that the infrastructure investment is an appropriate use of taxpayer dollars.

(20) 70% of CDBG-R for LMI. The aggregate use of CDBG-R funds shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the grant is expended for activities that benefit such persons over the life of the CDBG-R grant.
